We are committed to providing the highest quality of oral health care in the most gentle, compassionate manner possible. Our primary goal is to help you keep your teeth for a lifetime. We can reach this goal only by keeping you well informed at all times. Therefore, we welcome all of your questions.

Enclosed is our initial paperwork. Please complete and bring it with you for your first visit. If you have insurance, please bring that information as well. This is to ensure that we provide the most complete and effective dental care that you need.

On your first visit, you can expect:

- \* an introduction to our office and dental team
- \* a thorough examination and review of your oral health, including necessary Full mouth x-rays
- \* a careful evaluation of your current dental status including an oral cancer check
- \* a discussion of the most satisfactory treatment plan to meet your oral health goals
- \* a warm and friendly dental team focused on your needs

Following a careful diagnosis, we will discuss a treatment plan that is suitable for you. This treatment will provide optimum dental health within well-planned appointments. We look forward to meeting you, and again, should any question arise before then, please do not hesitate to give us a call.

Sincerely,
